125TH ANNIVERSARY CELEBRATION

Dear Residents and Business Owners of Sparkill & Palisades:

This year not only marks two-hundred, fifty years of our Nation's independence, but also the **125th Anniversary** of the establishment of your local fire department - The John Paulding Engine Company.

Men and women have volunteered their time, over many years and with no monetary compensation, to receive specialized training as firefighters to provide fire protection, rescue, fire prevention education, and other emergency response to our District and surrounding areas.

In recognition of this historic milestone, our Department will be hosting a **125th Anniversary "Day in the Park" Community Celebration in Depot Square, Sparkill, on September 19th, 2026.**

Everything from fire trucks to food trucks, from music and activities for kids and adults to special presentations and handouts, plans are already in the works to make this a special and **memorable** occasion for firefighters and families alike. As a not-for-profit volunteer fire company, we welcome all levels of financial assistance.
